

# Beautiful

Dan Reeder

Peggy's on the phone with her feet up on the wall  
Connie's with a friend at a shopping mall  
Claus needs to be told again not to play ball in the living room  
And how to little girls know to sit that way  
And what do you do at the mall all day  
And I know you can't go out play ball today because of the snow

And I am not you and you are not me  
But i can look at you and know you see what I see  
And sometimes you're just beautiful, just beautiful  
Sometimes you are beautiful to me

Jehovah's Witness tag team came by today  
I started preaching and they just got up and went away  
I can't find a friend today anywhere but here at home

And I am not you and you are not me

But i can look at you and know you see what I see  
And sometimes you're just beautiful, just beautiful  
Sometimes you are beautiful to me
