Jailtime

Dan Reeder

```
Well, I know that you know
If I catch you, I'll kick your ass
Last time I took it on easy on you
But this time would be your last

Jailtime, jailtime
I'd be looking at jailtime

Jailtime, jailtime
I'd be looking at jailtime

Well, I know you fear me
And you have good reason to
All those broken bones, the bruises
The misery you've been through

Jailtime, jailtime
I'd be looking at jailtime

Jailtime, jailtime
I'd be looking at jailtime
```
