## Sway

Dan + Shay

Come on outside I got something to show ya The sun is sinkin' and I'm dying to hold ya There's a summertime southern breeze blowin' in the air tonight Turn on the stereo, and leave the door open Let's watch the moon and the fireflies glow in the sky Forget the day and let it float away baby Let's lose track of time And just, sway put your head on my shoulder, let the music come and take us over Let me pull you in a little bit closer, baby close your eyes wh y don't we just Stay right here in the moment, I wanna feel ya movin' nice and slow yeah When there's nothin' words can say, let's dance the night away and just sway We don't need a DJ or a dance floor So leave your high heels there by the back door 'tween you and me we got all that we need So let me hold ya tight from left to right baby We can sway put your head on my shoulder, let the music come an d take us over Let me pull you in a little bit closer, baby close your eyes wh y don't we just Stay right here in the moment, I wanna feel ya movin' nice and slow yeah When there's nothin' words can say, let's dance the night away and just sway, yeah Just sway, yeah My hands on your hips, your lips on my lips, kissin' all the wo rries away Losin' ourselves, ain't nobody else around here to get in the w ay Sway We can just sway put your head on my shoulder, let the music co me and take us over Let me pull you in a little bit closer, baby close your eyes wh y don't we just Stay right here in the moment, I wanna feel ya movin' nice and slow yeah When there's nothin' words can say, let's dance the night away and we can just sway, yeah

We can just sway, yeah
