

Then Again

Dan + Shay

If I could go back then again, I woulda held onto that Bronco
Took the work week off for that boys' trip to Colorado
Stuck around for graduation
Been a little bit more patient
Finished my degree, I might be rich

Then again, I wouldn't be sitting here with my whole world in m
y arms
Stealing kisses on a Sunday afternoon
There's a few things that I might have changed if God put me in
charge
Then again, I would've never met you

If I could go back then again, I'd say sorry to Savannah
Take one last trip to Grandpa's house just outside Atlanta
I'd spend more time at 507
Send a few more prayers to heaven
If it were up to me
Who knows where I'd be?

But then again, I wouldn't be sitting here with my whole world
in my arms
Stealing kisses on a Sunday afternoon
There's a few things that I might have changed if God put me in
charge
Then again, I would've never met you

Without the heartbreaks and hard goodbyes
And all the wrong turns that turned out right

Then I wouldn't be sitting here with my whole world in my arms
On a Sunday afternoon
There's a few things that I might have changed if God put me in
charge
Then again, I would've never met you

Then again, I would've never met you
You
