

# Don't Ever Leave

Dan Talevski

All dressed up you took an Uber to the bar  
I was nervous driving in my beat up car  
Then I pulled up saw you looking like a star  
And I knew you had my heart  
Couple drinks and we left that place  
To watch the sun go down  
Then we got high and you looked at me  
Had to make that moment count

Put your head on my shoulder  
Come and get closer  
Baby, just follow my lead  
Put your head on my shoulder  
Lay with me  
Baby, this I know, I know, for sure  
This is where we were meant to be  
So put your head on my shoulder  
Stay with me  
And don't ever leave

Few months later and I moved into your place  
Nothing better than waking up to your face  
Cause every time we kiss baby it reminds me  
Of how we fell in love that day  
Couple drinks and we left that place  
To watch the sun go down  
Then we got high and you looked at me  
Had to make that moment count

Put your head on my shoulder  
Come and get closer  
Baby, just follow my lead  
Put your head on my shoulder  
Lay with me  
Baby, this I know, I know, for sure  
This is where we were meant to be  
So put your head on my shoulder  
Stay with me  
And don't ever leave

Come and get close to me now  
We'll stay up here in the clouds  
Get away from all the crowds  
We don't gotta come back, we don't gotta come back down

Put your head on my shoulder  
Come and get closer  
Baby, just follow my lead  
Put your head on my shoulder  
Lay with me  
Baby, this I know, I know, for sure  
This is where we were meant to be  
So put your head on my shoulder  
Stay with me  
And don't ever leave  
Don't ever leave
