

If I Ain't Got You

Dan Talevski

It's midnight, this ain't right
You're still in my place
Baby, why are we fighting?
I need you with me
It's been three days
Why you not even trying?

I like when you're laying here with m
We're so high, I just wanna stay right here with' you
What you wanna do?
Baby, let me love you, love you

Baby, going crazy
I don't know what I'll do if I ain't got you
Babe, you been right beside me
And I don't got a clue if I ain't got you, babe
I'll do anything for you
I got nothing if I don't got you
Baby, I'm going crazy
I don't know what I'll do if I ain't got you, babe, no no
I don't know what I'll do if I ain't got you, babe, no no
I don't know what I'll do if I ain't got you, babe

It's too much, this ain't us
What happened to everything that we started?
Don't let go 'cause I know
Babe, me and you gon' be left broken hearted

I like when you're laying here with m
We're so high, I just wanna stay right here with' you
What you wanna do?
Baby, let me love you, love you

Baby, going crazy
I don't know what I'll do if I ain't got you
Babe, you been right beside me
And I don't got a clue if I ain't got you, babe
I'll do anything for you
I got nothing if I don't got you
Baby, I'm going crazy
I don't know what I'll do if I ain't got you, babe, no no
I don't know what I'll do if I ain't got you, babe, no no
I don't know what I'll do if I ain't got you, babe

I like when you're laying here with m
We're so high, I just wanna stay right here with' you
What you wanna do?
So, baby, let me love you

Baby, going crazy
I don't know what I'll do if I ain't got you
Babe, you been right beside me
And I don't got a clue if I ain't got you, babe
I'll do anything for you
I got nothing if I don't got you
Baby, I'm going crazy
I don't know what I'll do if I ain't got you, babe, no no

I don't know what I'll do if I ain't got you, babe, no, no
I don't know what I'll do if I ain't got you, babe
