Tonight, we gon' be futuristic lovers, oh my  
Hold tight, we're 'bout to test the speed of light, no lie

When you put your hands on me  
It's like a real life fantasy  
When I kiss your lips they taste so sweet  
You're rock 'n pop, you're headline news  
Everyone's talking 'bout you  
Watching when you do that thing you do

Ride with me on my rocket  
We'll dance on Jupiter  
Baby, we just can't stop it  
You know I love it  
So ride with me on my rocket  
No time for gravity  
And we ain't going back to Earth tonight  
So ride with me on my

Supernatural, you send me into heaven, I'm flying  
Got my imagination running wild, under the moonlight

When you put your hands on me  
It's like a real life fantasy  
When I kiss your lips they taste so sweet  
You're rock 'n pop, you're headline news  
Everyone's talking 'bout you  
Watching when you do that thing you do

Ride with me on my rocket  
We'll dance on Jupiter  
Baby, we just can't stop it  
You know I love it  
So ride with me on my rocket  
No time for gravity  
And we ain't going back to Earth tonight  
So ride with me on my

Crash into the stars, you and I  
We got the universe beneath our feet  
Together we...

Can fly away on my rocket  
We'll dance on Jupiter  
Baby, we just can't stop it  
You know I love it  
So ride with me on my rocket  
No time for gravity  
And we ain't going back to Earth tonight  
So ride with me on my rocket

We'll dance on Jupiter  
Baby, we just can't stop it  
You know I love it  
So ride with me on my rocket  
No time for gravity  
And we ain't going back to Earth tonight

(Come fly, so high, on my rocket)  
(We can fly, so high, on my rocket ship)  
(Come fly, so high, on my rocket)
