

A Reason

Dana Glover

Two steps forward, three steps back
And I don't know where we are
You say it your way and I'll say it mine
And we are lost here in the dark

Not just a matter of talking it out
You know it don't mean nothing if there's something to hide
And oooh I know you know just want I'm talking about
There's an unspoken hesitation we both really though

Am I here, am I there
Tell me where I belong
All that I need is a reason
Am I wrong, am I right
Are we saying goodbye
Give me something to believe in
Cause all that I need is a reason

It's complicated so overrated
Say all we need is a lie
And my baby believe me
I wish it was that easy
Sometimes love just isn't any right

This indecision is wearing me down
I can no longer something so undefined
I've got to know if I was lost and then found
This situation has got me crazy, going out of mind

Am I here, am I there
Tell me where I belong
All that I need is a reason
Am I wrong, am I right
Are we saying goodbye
Give me something to believe in
Cause all that I need is a reason

If you would only just leave your fear on this flower
I'd be the one who'd never let you go and you know that I know

All that I need, all that I need is a reason
All I need, all I need
Yea yea yea

Am I here, am I there
Tell me where I belong
You know all that I need is a reason
Am I wrong, am I right
Are you saying goodbye
Give me something to believe in
Cause all that I need all that I need is a reason

Am I here, am I there
Tell me where I belong
All that I need is a reason
Am I wrong, am I right
Are you saying goodbye

Give me something
Whoa whoa whoa whoa whoa whoa...
All that I need
Yea yea now
All that I need, all that I need
Cause all that I need is a reason
