1993

Dananananaykroyd

Mangle yourself and each other Lens at the ready and ink on the page We can remove and we can take away But keep it together for 1993

Posture proud, we want 1993 Take a time, back to 1993

Dress your rehearsal room scars Suture your studio incision We'll turn your hissy fits into sissy hits Remember the good times in 1993
