

## Showdown In San Antonio

### Dance Club Massacre

Hey Im the champion of good times and funk  
so move your feet and lets pawn these tragedies. Tell me whats  
on your mind these days.  
I may not give a fuck now, but later?  
Yes Im cool as tex haywood and im fly like futureman  
and I was just thinking we should do it sometime. Theres no rea  
son for us to stop.  
The car is parked and the mood is sinking,  
so we'll take things slow.  
Soon enough I will indulge myself.  
This is an adventure place.  
Your hands on my flesh.  
Does this taste familiar? Or have you come to realize a certain  
truth your plague is your profession
