

# Gospel Burnout

## Dance Gavin Dance

They say, "Don't ever meet your heroes"  
Reverence is temporary until the truth comes out  
Do yourself a favor die young, ignorance is celebrated  
Don't let dark sides come out

Keep your eyes closed  
If you're ever gonna stand for something  
Keep your head down, closed  
If you want to keep your mouth don't run it  
Shut that shit down

If you need some company  
You should meet these obligations  
What's responsibility  
It ain't permanent vacations (down, down down)  
Yeah you think you give a great hug (down, down down)  
No, Yeah you think you give a great hug (Shut that shit down, down, down)  
No, yeah you squish your little face smug (down, down, down,)  
Oh, Oh, Oh (Shut that shit down, down, down)

Fear it

Lately, I've been feeling like all my friends I used to love  
Have turned out to be sociopaths  
Do they even know what it's like in the real world?  
Too busy getting high  
Now their vacancies are a reminder of  
All the ways I used to sell myself  
Lack of compassion down for the cause  
Feeding the fever whatever the cost

Wanna deify opinion  
Evidence is secondary  
East-west equals North-south  
Do yourself a favor die young  
Ignorance is advocated  
Don't let gospel burn out

Keep your eyes closed  
If you're ever gonna stand for something  
Keep your head down, closed  
If you want to keep your mouth don't run it  
Shut that shit down

If you need some company  
You should meet these obligations  
What's responsibility  
It ain't permanent vacation (down, down down)  
Yeah you think you give a great hug (down, down down)  
No, Yeah you think you give a great hug (Shut that shit down, down, down)  
No, yeah you squish your little face smug (down, down, down,)  
Oh, Oh, Oh (Shut that shit down, down, down)  
Oh, Yeah you got your validation huh? (Shut that shit down, down, down)  
Yeah be your own patient (down, down, down)  
Oh, Yeah you got your validation huh? (down, down, down)  
Yeah you squish your little face smug (down, down, down)  
Oh-oh, oh-oh, oh-oh (Shut that shit down, down, down)

Fear it
