Hot Water On Wool

Dance Gavin Dance

If we could only be in different places Among the same faces we can't forget In debt to the very distinction of love and hate They're both in our hearts, we choose an imbalance Oh, the thought, we are the flaws that make us

That must be why... (What's the right word for this?) I'm suffering (Ashamed? No, horrified)

It's an action, delayed reaction I've got taxes and bills to pay Something's flapping its wings at me Someone's clapping, I guess we're on TV

Stop now you've ruined it all Stop now you've obtained it all Stop now you've ruined it all Stop now you've obtained it all Stop now you've ruined it all Stop now you've obtained it all

Stop now, stop now Stop now, stop now Stop now, stop now Stop now, stop now Stop now, stop now

Moving in the right direction (I'm waiting to see if it comes to me or if it's tied to a safe that just hit the sea floor) Maybe I'll sleep... maybe I'll sleep through a century (I'm waiting to see if it comes to me or if it's tied to a safe that just hit the sea floor)

What was going through my head? Head...

Ooh... Press the pressure point on my neck My head will snap off and roll into the secret passage we built for escorting the rapist to the victim Did you manage your time? Do you know how I do? Downpour, downpour, downpour Oh, the boredom involved in patience

So, I'll make a fist and rip the threads we've sewn Since it's come to this, it feels like nobody's home So my cover's blown, rip open the threads we've sewn So, I'll make a fist and rip the threads we've sewn Since it's come to this, it feels like nobody's home So my cover's blown, rip open the threads we've sewn

And I won't forget what it means
