

## Three Wishes

Dance Gavin Dance

Got to the bottom of the fallout, now you're back in my arms  
We didn't listen to the mission, now we're back in a spar  
You couldn't take another second, now you're back in the car  
Another minute right back in it and we're falling apart

I guess I'm still learning that your brain is bizarre  
And maybe I'm a little crazy but I won't break your heart

Ooh-oh-oh  
Ooh-oh-oh  
Ooh-oh-oh  
Ooh-oh-oh

Multiple stab wounds  
Multiple stab wounds, yeah  
Multiple stab wounds  
Multiple stab wounds, yeah

I won't tame you  
I won't fade your shine  
Won't restrain you  
I won't break your stride

Only eight editions of the limited left  
Authentic, new and precious  
I'm completely obsessed  
My mouth is open wider than the time I had sex  
I knew you'd do this  
You're awesome bitch

I make off beat noises with my little guitar  
Always been a little crazy but I don't think too hard

Ooh-oh-oh  
Ooh-oh-oh  
Ooh-oh-oh  
Ooh-oh-oh

Multiple stab wounds  
Multiple stab wounds, yeah  
Multiple stab wounds  
Multiple stab wounds, yeah

I guess I'm still learning that your brain is bizarre  
And maybe I'm a little crazy but I won't break your heart

I won't tame you  
I won't fade your shine  
Won't restrain you  
I won't break your stride  
I won't tame you  
I won't fade your shine  
Won't restrain you  
I won't break your stride
