

Fight All Night

Dance Hall Crashers

i don't wanna go out with you tonight,
i just wanna stay home and fight.
nothing sounds more fun than what we do.
can't imagine more fun with you.
do i remember what fun you can be?
no - it's been too long since you've had it with me.
why would i want to have a good time?
when we can stay home and not spend a dime?

it's always fun to be with you
and never have anything to do.
why go out when we can fight,
it's what we're used to every night.
