

# Dance

## Dance Nation

You're the music  
In my soul  
Feel your love  
Take control  
You make me whole  
You feel my soul

You're the music  
In my life  
Like the sun  
And the light  
You make it right  
You make it right

You're the sunshine  
After rain  
Free my world  
From the pain  
You make me whole  
You feel my soul

You're the music  
You're the joy  
Every girl, every boy  
You make it right  
And shine your light  
So while let's chance  
So let's dance  
Come on  
Let's dance  
Let's dance  
Let's dance

You're the music  
In my soul  
Feel your love  
Take control  
You make me whole  
You feel my soul

You're my music  
In my life  
Like the sun  
And the light  
You make it right  
You make it right

You're the sunshine  
After rain  
Free my world  
From the pain  
You make me whole  
You feel my soul

You're the music  
You're the joy  
Every girl, every boy

You make it right  
And shine your light  
So while let's chance  
Let's dance  
Come on  
Let's dance  
So while let's chance  
Let's dance
