

Beach Day

dandelion hands

Drunk on the beach at night with the person I love
Drunk on the beach at night with the person I love

I hope the sun never comes up
I hope the sun never comes up

Drunk on the beach at night with the person I love
Drunk on the beach at night with the person I love

I hope the sun never comes up
I hope the sun never comes up
I hope the sun never comes up
I hope the sun never comes up
