

Grim Reaper

dandelion hands

I'm dropping out of school
I've found a new job
Doing what I love
And you can't stop me now
Mom and dad
I'm sorry that you have
To find things out this way
But I guess you could say
It's better now with me
Being the one
To take your souls away
I wanna be the grim reaper, I wanna be the grim reaper
I wanna be the grim reaper, I wanna be the grim reaper
Nothing you say could change my mind
