Panic Attack At The Disco

dandelion hands

I'm having a panic attack at the disco

What's gonna happen when you're gone?
I've been living for two for so long
And I can't bother you to stay
It'd be best for both of us to stay away

Because I've got problems I'm getting help to solve
And you've got problems you're getting help to solve
I just hope we see each other again
I hope you're still my friend
Because I've got problems I'm getting help to solve
And you've got problems you're getting help to solve

I'm having a panic attack at the disco
I'm having a panic attack at the disco

It's not too often I'm alone
At least I've got my cat to keep me company
We both hope you'll be okay
And we're sorry that it had to end this way

Because I've got problems I'm getting help to solve
And you've got problems you're getting help to solve
I just hope we see each other again
I hope you're still my friend
Because I've got problems I'm getting help to solve
And you've got problems you're getting help to solve
