

## Self Harmageddon

dandelion hands

I won't eat until you say that you love me  
I won't sleep until you can't sleep without me  
I won't breathe until I take your breath away  
I want to be alone but I want you to stay

I won't eat until you say that you love me  
I won't sleep until you can't sleep without me  
I won't breathe until I take your breath away  
I want to be alone but I want you to stay

I won't be free  
Until I die  
I won't be free  
Until I die
