

One Last Time

Dane Rumble

Ever since that night
Been trying to make it right
That good old familiar sound
I feel like I'm stuck on life's merry-go-round
And I ain't sayin' I was wrong
This ain't a redemption song
Call me whenever you want
Time to pack up again, time to move on

Before we go our separate way
Know this is hard enough to say
And after all that we went through
Would this be hard to say?

Be mine could you be mine
For one last time
For one last time
(Yeah, yeah)
Can you take me
(Yeah, yeah, yeah)
We both lose and what you gon' do
Don't worry 'bout me for being use
(Hey yeah)
Don't leave me
(Yeah, yeah)
Don't leave me

Feeling bad right now
Tried so hard to work it out
It's our song, it's come to an end
So many words racing through my head

Before we go our separate way
Know this is hard enough to say
And after all that we went through
Would this be hard to say?

Be mine could you be mine
For one last time
For one last time
(Yeah, yeah)
Can you take me
(Yeah, yeah, yeah)
We both lose and what you gon' do
Don't worry 'bout me for being use
(Yeah, yeah)
Don't leave me
(Yeah, yeah)
Don't leave me

Yeah, yeah
Yeah, yeah, yeah
Yeah, yeah
Yeah, yeah, yeah

Before we go our separate way
Know this is hard enough to say

And after all that we went through
Would this be hard to say?

Be mine could you be mine
For one last time
For one last time
(Yeah, yeah)
Can you take me
(Yeah, yeah, yeah)
We both lose and what you gon' do
Don't worry 'bout me for being use
(Yeah, yeah)
Don't leave me
(Yeah yeah)
Don't leave me

Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
