

Cherry Cherry

Danger Danger

I've been around this great big world
I've seen a thing or two
Just when I thought I'd seen it all
That's when I saw you
1990-summer in the city
You had your radio on
Kicked back, you were sittin' pretty
Singin' your favorite song
"Bang Bang"
Here we go
Alright Tokyo!

Cherry Cherry - You're so sweet
Cherry Cherry - I'm in deep
You turn me on
And you turn me upside down
When you come around
Cherry Cherry - You're so cool
Cherry Cherry - I'm your fool
You make it hard

For a boy to turn ya down
And I don't wanna when you're around

I missed the past and "JJ. Flash"
The "Brats" at "Gildersleeves"
But when you kiss me
Cherry I get dizzy
And I feel like I'm 17
Mother told me, yes she told me
I'd meet a girl like you
But I can't stay away
When you're doin' that thing ya do
Ch-Ch-Cherry you're the only one
Whoever make me come a runnin'

Cherry baby
Cherry Oh yeah
I just got to have ya Cherry
