

## Comin' Home '98

**Danger Danger**

Spent half of my life  
On the run  
From tired love  
And endless heartache  
I feel like I'm ready for a change

And I made some mistakes  
In the past  
Even some  
I've learned to live with  
But I'm so tired of runnin' away

I was down and out  
And I had my doubts  
Htat we'd ever meet again  
I was so confused  
I had nothin to lose  
But you  
And that's the last thing I wanted

I'm comin' home  
I'm comin' home

Just like the rodeo

A lonesome cowboy  
Without a home  
Driftin' like tumbleweed  
I blew from town to town

So many promises  
I had to make  
But I could never keep  
I will be there for you  
When all the bets are down

When you're down and out  
And you have your doubts  
I'll be there to make you smile  
You can count on me  
'Cuz I'd do anything for you, yeah!  
Baby hold on!

I'm comin' home  
I'm comin' home
