

Ginger Snaps

Danger Danger

People say I got a dirty mind
But you don't think so clean
You say it takes one to know one
And baby I know some
If you know what I mean

Come on, little sister, I could be your Mister Right if you got the time
So if you're in the mood for a slow poke honey
Baby won'tcha give me a chime

Woah, yeah
We could do it all day, do it all night
Woah, yeah
Ain't gonna stop 'til I get it right

Cuz there ain't no business like monkey business
Climb on up my tree
No there ain't no business like monkey business
Monkey around with me

Old King Kong he had a thing for blondes
The ladies would drive him irrate
Then the poor boy slipped, and he lost his grip
From the top of the Empire State

He had a real bad habit, always had to have it
Ain't nothin' wrong with that
So if you think that's cool, wanna play in my zoo
All you gotta do is ask

Woah, yeah
We can do it all day, do it all night
Woah, yeah
Ain't gonna stop 'til I get it right

Cuz there ain't no business like monkey business
Climb on up my tree
No there ain't no business like monkey business
Monkey around with
Monkey around with me

Climb on up my tree
Just like the birds and the bees
A bungle in the jungle oughtta do the trick for me

Woah, yeah
We could do it all day, do it all night
Woah, yeah
Ain't gonna stop 'til I get it right

Woo
Come on

Ain't no business like monkey business
So, climb on up my tree
No there ain't no business like monkey business
Monkey around with me

Said there ain't no business like monkey business
Climb on up my tree
No there ain't no business like monkey business
Monkey around, come on, monkey around with me

Ain't no business like monkey business
yeah yeah yeah yeah
