

## Keep On Keepin' On

Danger Danger

I get up in the mornin' with a face I don't know  
Stare out the window while my coffe goes cold  
It never gets old  
Lines on my face gettin' clearer each day  
I don't give a damn what my friends all say  
It doesn't matter anyway

'Cos I feel like a Kid on a merry-go-round  
I wanna go faster, don't wanna slow down  
Never had a dollar but I got enough sense  
Guess my get up 'n' go  
Never got up 'n' went - so I

Keep on keepin' on, 'til my days are gone  
No one's gonna tell me that i'm wrong  
I feel so alive, I'll be 18 'til I die  
Rock and rollin', I'm still goin' strong  
Gonna keep on keepin' on

I make no excuses for the way that I live  
I never have, I never did - and that's the way it is  
'Cos I march to the beat of a different drum  
It's gotta be loud or ain't no fun  
My old man said "Don't be in such a hurry now"  
"Growin' up will let you down" - so I

Life's what ya make it, and I ain't gonna waste it  
Gonna reach out and take it now  
I get up in the mornin' with a face I don't know  
Stare out the window while my coffe goes cold....
