

New Anger

Dangerous Toys

Wasted time with cheap conversation
On subhuman minds that can't see thru
Broken dreams and deadly companions
Parasite-like they live and breathe you

Steel pipe-Steel pipe
They're gonna hit you 'til your head is ripe
New anger-New anger
Cuz you ain't thinkin' what I'm thinkin's right

Chewing bones the devil's advocate
Trial by fire, pushing you over
No one ever knows what they do until they've done
And no one ever pays until they've done to another

Steel pipe-Steel pipe
They're gonna hit you 'til your head is ripe
New anger-New anger
Cuz you ain't thinkin' what I'm thinkin's right

Master of temptation keeping the score
Playing the par of simple narration
The pros are taunting, now you want more
More of what keeps you from the deprivation

Do you want all the blasphemous content
All of this you're positive you think you can handle
Information has been entered, do you know what they
meant
As long as you can realize, you're just part of the
scandal
