

# Here She Comes

Daniel Ash

I didn't think that I can get too much higher than this  
I'm out of my head, I'm in total state of bliss  
Moves me baby when she moves around  
I'm in heaven and I just can't come down  
No I won't be being lazy when she comes to town  
No I won't be being lazy when she comes to town

Here she comes  
Here she comes

Here she comes  
Puts one foot in front of the other  
She just moves me, she just move me  
Like no other  
I'm on the ceiling, I'm climbing the walls

Things just get better baby, when she call me  
I'm in heaven and I just can't come down  
No I won't be being lazy when she comes to town

Here she comes

Said to me today  
Stop playing your games of lost and found  
Said to me today  
You're just running around and around  
I told you baby  
Leave your grey grey sky  
I told you honey  
Just leave them behind you  
So I won't be being lazy  
When she comes to town
