

## Kid 2000

Daniel Ash

In the year 2000

I think that people will be able to fly  
everybody will have little rocket shooting things  
fitted on their ankles that shoot fire  
all our clothes will be made of silver with  
diamonds and ruby's

We will have no hair

and our houses will be like big bouncing bubbles in the  
sky and under the sea  
and Children will not have to go to school  
but will watch telly all day  
and eat baked beans  
'Cause it's a dogs world.

In the year 2000

I think that people will be able to fly...
