## Girlfriend

You make my head start spinning around And all I can ever hear is the sound Of your heart beating in my ears Girlfriend This boy has found another reason to sing You're reminding me of everything That I hold dear in my heart

And I'm feeling elevated
Lifted to my highest dream
My whole world's revolving in circles round your heart
You gotta be the one for me or else life makes no sense
So wrap your arms around me
Kiss me till I'm dead

## Girlfriend

A girl like you would take an army to find How glad I am that you said you would be mine standing there in the cold, dark night Girlfriend

Let me take you to the fields of the sun How much it means to me that you are the one That I hold here in my arms
