

# Baby Blue

Daniel Caesar

Baby Blue  
I'm privileged to know you  
And from this point on  
Your delight is my delight

Baby Blue  
I like your eyes, they sparkle  
You found me in a dark hole  
But now I know, you're my light

You oversee o'er all of me, you do  
It's true  
The heavens above, they suit you  
I'm glad you preed my energy  
It's much like yours, be assured

So many colours to choose from  
You chose blue  
So many people to choose from  
I choose you, you

La, la, la, la, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, ooh  
La, la, la, ooh

Baby Blue  
Baby Blue  
Some days I feel blue too  
But when I look at you  
My melancholy dissipates

And when in doubt, you call me out  
I too shall rise on occasion  
To the occasion  
It's worth my time 'cause you're divine  
It's obvious  
So I'm waiting

So many colours to choose from  
You chose blue  
So many people to choose from  
I choose you, you

La, la, la, la, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, ooh  
La, la, la, ooh

La, la, la, la, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, ooh  
La, la, la, ooh

La, la, la, la, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, ooh

La, la, la, ooh

Jesus paid for all our sins  
On Calvary's cross, He bled and died  
Is there greater love than this?  
What good have I done to  
Deserve His love  
This awesome love to me?  
Can you feel His love?
