

Do You Like Me?

Daniel Caesar

Ooh, ooh, ooh, ooh

Do you like the way I talk to you?
Do I titillate your mind?
Gotta say I like your attitude
And I'd love to make you mine
But I gotta know

Do you really like me? Do you really like me?
I'm low on time, I'd like to make a move (Yeah)
Do you really like me? Do you really like me?
Yeah, we're still young, but for how many moons?

I guess we'll find out
I guess we'll wait and see
I know I like you, babe
I hope you like me

Worst case scenario, I get played
But hey, this ain't my first rodeo
I hate that I'm so jaded
Yeah, it's cool, but overrated
I wanna be in love again, oh-oh
At first I was fucking your friend
But I wanted you
Are we wrong? I guess that depends
Will we end up together?
Will you have my kids? You better
I wanna be in love again

I guess we'll find out
I guess we'll wait and see
I know I like you, babe
I hope you like me

Ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh
