

# Emily's Song

Daniel Caesar

Why don't you answer my calls no more?  
Is it something that I've said?  
Tired of checking my telephone  
You're running through my head

We used to stay up for hours, many nights  
Fussing and fighting, fucking and lying  
Nights in Miami, tears at the Grammy

I just wanna thank you  
For being my mirror  
Showing me myself  
I just wanna thank you  
You helped me see clearer  
Like nobody else

Now that the feeling has floated away  
And I got a bit of clarity  
Addicts are addicts and will never change  
But we were never scared to be  
Get it all out my system by God's grace  
I'll never regret you, it's Heaven that sent you  
I'll never go back  
I hope that you know that

I just wanna thank you  
For being my mirror  
Showing me myself  
I just wanna thank you  
You helped me see clearer, like nobody else
