Made To Fall In Love

Daniel Caesar

As autumn leaves start to fall
Will you cling to me, my love?
If my simple words are just not enough
Let me stop by saying you're all I want

We were (Made to fall in love)
Fall in love, yeah (Made to fall in love)
(Made to fall in love)
Made to be like moon and stars above

Seasons change as we know (As we know)
Will you be my summer love?
If we only knew the mysteries of love
Let's take our time and put the world on hold

We were (Made to fall in love)
Made to fall in love, yeah (Made to fall in love)
(Made to fall in love)
Made to be like moon and stars above

(Made to fall in love)
(Made to fall in love)
(Made to fall in love)
