

Stand 'Em Up

Daniel Johns

This feels like a war that had to come
No reason for the lies that came undone
I'm no preacher but you're no teacher
Tried to please ya but I can't reach ya

Stand 'em up
Stand 'em up against the wall
Stand 'em up
Stand 'em up against it all
Send this fire, fire, fire, fire, fire, fire, fire, fire, fire,
fire

It feels like the war's inside the sun
Ideals lost in truth that's yet to come
No one's healing human beings
Tried to save you, now they blame you

Stand 'em up
Stand 'em up against the wall
Stand 'em up
Stand 'em up against it all
Send this fire, fire, fire, fire, fire, fire, fire, fire, fire,
fire

This time I'll be shaking hands
This time I'll be making plans
I just want to be your man
I just want to be your man

Stand 'em up
Stand 'em up against the wall
Stand 'em up
Stand 'em up against it all
Send this fire, fire, fire, fire, fire, fire, fire, fire, fire,
fire

Stand 'em up
Stand 'em up against the wall
Stand 'em up
Stand 'em up against it all
Send this fire, fire, fire, fire, fire, fire, fire, fire, fire,
fire
