

# Too Many

Daniel Johns

Too many reasons baby  
Too many lessons not learnt  
I can't speak whenever I'm spoken too  
(Just a little bit of love, just a little bit)

Too many feelings baby  
You are my treason my main season  
Don't wanna leave  
Because I'm broken too  
(Just a little bit of trust, just a little)

I wanna talk a song for you  
While your lips are stuck to mine  
I don't wanna speak but I could tell you the truth  
(Just a little bit of love, just a little)  
(Just a little bit of love)

I didn't wanna hurt ya maybe we can start again  
I just wanna feel ya in and out until it makes some sense  
Coz we got the real thing too much and all that ends well is well  
Lets get in love  
I didn't wanna hurt ya maybe we can start again  
I just wanna feel ya in and out until it makes some sense  
Coz we got the real thing too much and all that ends well is well  
Lets get in love

Let's take an elevator  
Sky high and nothing less  
My machine  
You're my only tune  
(just a little bit of trust, just a little)

I wanna talk a song for you  
While your lips are stuck to mine  
I don't wanna speak but I could tell you the truth  
(Just a little bit of love, just a little)  
(Just a little bit of love)

I didn't wanna hurt ya maybe we can start again  
I just wanna feel ya in and out until it makes some sense  
Coz we got the real thing too much and all that ends well is well  
Lets get in love  
I didn't wanna hurt ya maybe we can start again  
I just wanna feel ya in and out until it makes some sense  
Coz we got the real thing too much and all that ends well is well  
Let's get in love

I don't want to know why we are crying all the time  
But we keep trying all the time  
Let's make it work

I didn't wanna hurt ya maybe we can start again  
I just wanna feel ya in and out until it makes sense  
and all that ends well is well  
Coz we got the real thing too much  
I didn't wanna hurt ya maybe we can start again  
I just wanna feel ya in and out until it makes sense

...think too much and all that ends well is well  
Let's get in love
