

Casper the Holy Ghost

Daniel Johnston

Well you've heard about Casper the friendly ghost
Well I'll tell you some more about Casper the friendly ghost

If you wanna know some more about Casper the friendly ghost
Well I'll tell you some more about Casper the friendly ghost

He's the ghost with the most
He's the best at being the best
He's the one and only host
He's Casper the holy ghost

Well you might've often wondered and felt the urge to complain
You might be afraid to look out your own back door

There's so much confusion, no where to turn to
And you might've even pondered what's worth living for

He's the ghost with the most
He's the best at being the best
He's the one and only host
He's Casper the holy ghost

So listen up your children, remember to hear these things
Where there is love, there is happiness to bring

And friends if you have fallen, left off by the way
Don't be a drag, pick up your cross, don't act so lost

He's the ghost with the most
He's the best at being the best
He's the one and only host
He's Casper the holy ghost
