

## Chord Organ Blues

Daniel Johnston

Everything's big in Texas  
You know it is  
I think I might have made a big mistake o o o  
Chord organ blues  
Chord organ blues

Singing those chord organ blues  
Wherever I go it's a wild wind  
Maybe someday it'll blow me back home again  
Chord organ blues  
Chord organ blues  
Singing those chord organ blues

For every chord that is played  
There is a word in my heart that has paid  
'Cause my soul loves music  
And it loves to hear it made  
Singing those chord organ blues
