

# Easy Listening

Daniel Johnston

I've been up  
I've been down  
I've been everywhere just hanging around  
I've been lost  
I've been found  
If it's good enough (???) the town

And I know  
You'll grieve  
For me  
Someday  
But it's easy listening for you now!

What it's about  
Watch my mouth  
Songs come out  
Don't you doubt!

Every boy  
Every girl  
I only want the whole wide world  
Dedicated  
That's me  
My posters plastered on every wall

And I know  
You'll grieve  
For me  
Someday  
But it's easy listening for you now!

Ahhhh  
Ahhhh  
Ahhhh  
Ahhhh  
Ahhhh

It's a hard  
Long road  
I suffered and I've starved  
I'm surprised I've come this far  
My guitar's going to make this show [??]

And I know  
You'll grieve  
For me  
Someday  
But it's easy listening for you now!

What it's about  
Watch my mouth  
Songs come out  
Don't you doubt  
  
And if you like the song I wrote  
You can get aboard the boat  
[I'll] try to keep the world afloat

I hope....  
But it's easy listening for you now!
