

## First Day At Work

Daniel Johnston

It's your first day at work  
It's your first day at work  
And you feel so nervous  
You feel just like a jerk

It's your first day at work  
It's your first day at work  
And you feel so nervous  
You feel just like a jerk

And your boss is being nice to you  
But that's just for today  
Tomorrow he'll be mean to you  
So you better listen up  
And do what you're s'posed to do  
Do what you're s'posed to do

It's your first day at work  
It's your first day at work  
And you feel so nervous  
You feel just like a jerk

It's your first day at work  
It's your first day at work  
And you feel so nervous  
You feel just like a jerk

And your boss is being nice to you  
But that's just for today  
Tomorrow he'll be mean to you  
So you better listen up  
And do what you're s'posed to do  
Do what you're s'posed to do

It's your first day at work  
It's your first day at work  
And you feel so nervous  
You feel just like a jerk

It's your first day at work
