

# Follow That Dream

Daniel Johnston

Oh it's a world of lonely faces  
oh it's a world of many places  
oh oh, follow that dream

Oh it's a world of funny faces  
to get home you have to touch all the bases  
oh oh, follow that dream

Like flying a kite  
you can't lose sight  
you can't let go-o-o  
oh oh follow that dream

Setting sun don't mean the end though it could  
so get the job done but keep faith  
and follow that dream  
though silly it seems  
it will get you through your depths  
oh oh follow your dreams

Oh it's a world of lonely faces  
oh it's a world of many places  
oh oh follow that dream  
oh oh follow that dream  
oh-oh-oh-oh  
like flying a kite  
u-u-u---uh  
a-a-a---ah
