

Memphis

Daniel Johnston

I'll take you to the place
If you really want to go, oh, oh
I'll take you to the place I rest in peace

See, I died so long ago
I just didn't want to go, oh, oh
I'm a ghost in this guilt-ridden body

And I have so much to tell
If you really want to know, oh, oh
I could show you the hidden dimension

Just put that record on
And relax your thoughts
You don't have to be afraid of [?]
