

## Mrs. Daniel Johnston

Daniel Johnston

It's gonna be a long night

She's the one we all love  
And we've always thought much of her  
Seen her picture on the wall

She's the one we all dream of  
She's the one that we inspire  
She's the girl who's always been on our mind

Marilyn Monroe you've got what it takes  
And I love you

She's not really dead  
She lives in my head  
She's the girl who makes me feel alive  
And she's been on my TV so many precious times  
I just love dear Marilyn so much

Marilyn Monroe I love you so much  
All my life

Some sweet day we'll meet on that shore  
And Marilyn Monroe will be mine
