

My Life Is Starting Over

Daniel Johnston

My Life is starting over again, over again
my friends say I'm back again
My life is starting over again
Over again
My fame is spreading across the land
Now I got me a band
Got my a band
My fame is spreading across the land
My life is starting over again
Over again
I know that there's no place left to hide
I guess that it's better then suicide
The years of suffering and pain
There's no one to blame except myself
But my life is starting over again
Over again
My time is fleeting fast
It just won't last
I forgot about the past
But my life is starting over again
Over again
I know that there's no place left to hide
I guess that it's better then suicide
My Life is starting over again, over again,
My friends say I'm back again
My life is starting over again
Over again
Over again
Over again
