

Some Time Spent In Heaven

Daniel Johnston

She was only just a girlie
She was only just a girl
There was Some Time Spent in Heaven

She was only just a friend
Played piano in her basement
She was only just a friend
She was always lookin at me
She was always talkin on
There was Some Time Spent in Heaven

I was always feelin all right
There was always somethin to do
There was Some Time Spent in Heaven

She was always talkin at me
There was Some Time Spent in Heaven
We'd drive around all the time
We were always havin fun
We'd drive around to the movie theater
We were always havin fun
There was Some Time Spent in Heaven
We were always running round

I knew for sure she was awright
And somehow I had won the fight
We spent time alone, and we had a good time
