

Strange Boy

Daniel Johnston

When I saw you
I was frozen
I knew that I had already
Gone ahead and chosen
I was in love with you

I see you act the same way
Whenever we get near
On the verge of tears
Darling now I fear
I am in love with you

I tell you now
It's spooky for me
Just to feel this way
I don't know what to do
I am in love with you

I am a strange boy
I come from West Virginia
I've seen a lot of hard
In the avant garde
I am in love with you
