

## Euroshaman

Daniel Lioneye

What kind of game are you playing baby  
Why can't you fucking understand?  
Which false god are you praying for then  
You filthy breatheen?

What shame have I brought upon you?  
I honestly don't understand  
The star of Lucifer's rising  
The wind is howling

Everybody wants to understand  
Stay away, I'm faking mistaking

Drink blood in the midnight hour  
So maybe you'll understand  
Boil heads in rusty cauldron  
Divine repulsion!

I dance to the sound of thunder  
WHY don't you fucking understand?  
Total evolutionary blunder:  
Euroshaman

This totemic wasteland witchcraft  
You couldn't possibly understand  
The legacy of an exorcist  
The raven is calling

Fucking undead nazi rapist  
Theres nothing to understand  
Just another mindless sadist  
Do what thou will
