

# Emily

Daniel Schuhmacher

You are like a dream, girl  
A love without a name  
Everytime I touch you its fire  
Its the same  
You are like a stranger  
Alive with all the dreams  
They dont loose my number  
Youre like a movie scene

Oh Emily, my Emily  
Youre like a star when you are smiling  
Youre my destiny  
Oh Emily, my little Emily  
I never saw you in a movie  
But youre reality.  
My Emily, my little Emily

Youre a million years, girl  
Waiting just for you  
Getting all the flowers  
See what love can do  
Follow just a rainbow for a million years  
Always seems like heaven  
Baby without tears

Oh Emily, my Emily  
Youre like a star when you are smiling  
Youre my destiny  
Oh Emily, my little Emily  
I never saw you in a movie  
But youre reality.  
My Emily, my little Emily

Oh Emily, my Emily  
Youre like a star when you are smiling  
Youre my destiny  
Oh Emily, my little Emily  
I never saw you in a movie  
But youre reality.  
My Emily, my little Emily

Oh, my Emily  
Oh, my little Emily
