

# It's A Lonely Night

Daniel Schuhmacher

Here I stay again  
With my broken heart  
Standing in the rain  
Cause you broke apart  
Nothing comes for free  
You belong to me  
Silent nights go on  
Like a backstreet symphony  
Since I don't have you  
I need your love

It's a lonely night  
Going through the motions  
No one hold you tight  
When your love is gone  
It's a lonely night  
Love is like an ocean  
Time is on my side  
No one can go wrong

That's what love will do  
Sometimes it's like war  
Just for me and you  
'Till I win again  
Time is on my side  
There's another chance  
And I'll try into fight  
Try to make it true  
What I'm searching for

It's a lonely night  
Going through the motions  
No one hold you tight  
When your love is gone  
It's a lonely night  
Love is like an ocean  
Time is on my side  
No one can go wrong

No, you can't go wrong  
Yeah, yeah  
It's a lonely night

It's a lonely night  
Going through the motions  
No one hold you tight  
When your love is gone  
It's a lonely night  
Love is like an ocean  
Time is on my side  
No one can go wrong

And no one can hold on  
It's a lonely night  
No one hold you tight
