

River Of Gold

Daniela Andrade

Say you're back
Say you're good
That words can fly
Misunderstood
And we can take hold of the past
When things were nice
And I knew
I was loved, skies were blue
And we shared the things that we had

But I've made the same mistakes twice
I'm done with trying to play nice
Since you said I'm all wrong
I'll do in a right
And I'll leave you to your sorrows at night

You left me down
On my knees
Now it's my turn
To watch you plead
So cry me a river of gold
I'll buy you jewels
I'll buy you greed
The kind that fools like you believe
Can get you a better man's soul
Cause I've made

The same mistake twice
I'm done with trying to play nice
Since you said I'm all wrong
I'll do in a right
And I'll leave you to your sorrows tonight
