

Shore

Daniela Andrade

Stop being mysterious
Tell me what you want
Oh, give me something
Something I can work
Oh, are you feeling this?
Is it just the way the dusk is falling?

Cause I want something real
These days, it's hard to feel
And when you call, I cannonball, dive in too deep
Oh, can't you see that I want something more
Than words that hit the wall?
I think I'm ready, so rock me steady to your shore

Na na na na na na na
Na na na na na na na

Takes time, but I'm digging it
Rolling with your curve
It's all or nothing
Could it take some work?
You're where the rhythm is
Slowing down the waves of my heart

Cause I want something real
These days, it's hard to feel
And when you call, I cannonball, dive in too deep
Oh, can't you see that I want something more
Than words that hit the wall?
I think I'm ready, so rock me steady to your shore, mmm

Cause I can't stop when you turn, turn a frown
And I think about the chance when you're close, say it now
Baby, maybe this is it, if you want, let's find out
Baby, don't you say it's over

Cause I want something real
These days, it's hard to feel
And when you call, I cannonball, dive in too deep
Oh, can't you see that I want something more
Than words that hit the wall?
I think I'm ready, so rock me steady to your shore

Na na na na na na na
Na na na na na na na
