

Sometimes I Don't

Daniela Andrade

I want to know you
I want to know you

When you look at a face
Do you see it?

Sometimes I don't
Sometimes I don't

When you look at face
Do you see it?

Sometimes I don't
Sometimes I don't

Something about you
Makes me want
Makes me want to get to
Know you

Something about you
Makes me want
Makes me want
To know you

I've been staring
Too long
I've been looking
Too long
At you

Maybe after this song
Maybe after you walk
I'll move
I'll move

Sometimes I don't
Sometimes I don't
